

Free to Low-Cost Mobile Apps to Boost Fuel Savings

Car Maintenance Reminder Lite

FREE FOR ANDROID

This all-in-one car application was designed to keep track of mileage, fuel efficiency and cost, but it also serves as a vehicle repair/maintenance alert system. For the fuel logging function, the application automatically generates statistics pertaining to miles per gallon, gas prices, driving distance per day, volume per fill up and cost per day, among other features. It also provides 10 graphical charts for detailed, clear reports on those statistics.

Fuel Log

FREE FOR ANDROID

This application tracks fuel mileage and costs for multiple vehicles. Based on your fuel economy it can also calculate your average fuel economy for each vehicle, cost per distance, average cost per month and even an annual report. There are six different graphical charts

that show the fill-ups, trip distances, among others. As well, the app is available in four languages.

Fuel Dashboard

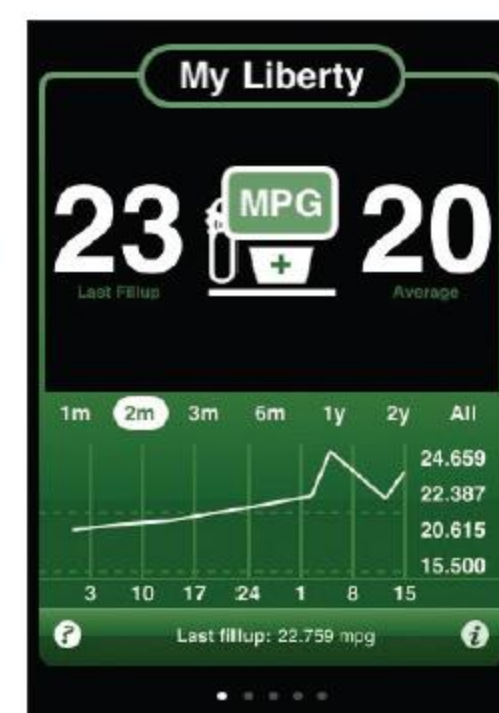

FREE FOR BLACKBERRY

Fuel Dashboard provides ways to record fuel fill-ups, show history and statistics about your car mileage and other basic statistics. The app serves as the information center with most important statistics available at a glance. The app supports different measurement units, including miles and kilometers.

AccuFuel

\$.99 FOR IPHONE

AccuFuel allows you to see how your driving habits affect fuel efficiency. You can view gas mileage according to the kind of car you drive, the average fuel economy versus your last fill up and daily trip records. The app also allows you to keep track of multiple vehicles and to customize the app by using either the standard, full odometer readout or the trip odometer.

GasHog

\$.99 FOR IPHONE

GasHog allows for quick entry of odometer readings and amount of fuel added and supports multiple vehicles. This mobile app automatically calculates the

Mileage	Fuel Added	MPG	Date
14,784 mi.	11.457 gal.	16.7 mpg	Sep 20, 2008
14,593 mi.	16.387 gal.	23.6 mpg	Aug 30, 2008
14,206 mi.	14.656 gal.	20.9 mpg	Jul 10, 2008
13,899 mi.	12.724 gal.	23.7 mpg	Apr 20, 2008
13,597 mi.	11.427 gal.	22.1 mpg	Apr 6, 2008
13,345 mi.	14.328 gal.	22 mpg	Mar 25, 2008
13,030 mi.	10.512 gal.	20.9 mpg	Mar 9, 2008
12,810 mi.	15.342 gal.	24.8 mpg	Feb 14, 2008
12,598 mi.	14.517 gal.	21.9 mpg	

BMW 530i Settings

fuel economy of your last tank, as well as historical averages: last tank, last 30 days, last six months and all time. It will also give you tips on how to improve the fuel economy of your vehicle. There is also international support with numbers and dates formatted to your local custom.

Fuel Pal

\$1.99 FOR IPHONE

Fuel Pal allows you to track driving habits and the corresponding fuel efficiency. Quickly enter information at the pump using the interface. Fuel Pal lets you plot fuel efficiency, fuel cost, fuel prices, distances traveled and other features.

Fuel Pal supports MPG, L/100km, and km/L. This is designed for single vehicle use with the trip odometer.
