2012 Chevrolet Silverado 1500 Hybrid	\$67,954	2012 Chevrolet Silverado 1500 LT	\$64,167

EDS. NOTE: NOT EVERY VEHICLE HAS A DIRECT ICE COUNTERPART, SO SOME ARE COMPARED TO SIMILAR MAKES AND MODELS FOR THE SAKE OF THIS ANALYSIS.

Vincentric assumes 20,000 annual miles driven yearly over five years. Vincentric measured eight cost elements: depreciation, financing, fees and taxes, fuel, insurance, maintenance, opportunity cost and repairs. Fuel prices are based on a weighted average over the previous five months. The hybrid report uses U.S. averages, although Vincentric has data by state for a more specific analysis.
